

To end the year of 2021 the Marauder of the Month for December has been chosen. This freshman...from 2018, is an obvious choice for selection, at least according to him! This month's marauder is off-campus...every day at lunch time because this marauder has senior privileges!

This month's marauder is known to be good at math, especially when it comes to calculating. Just at last month's Marauder of the Month ceremony this marauder said, "It's been 30 months of waiting and I'm still not the Marauder of the Month!"

This marauder also best displays one of our Three Cs from our school creed: Curiosity. Asking such questions as, "Can I go to the bathroom?" "How much longer until lunch?" "What time is class over?" and even "Why do we have a half day on Thursday?"

I have known this marauder since he was in middle school and it's good to see that things haven't changed! Well, there's been growth – kids get taller, right!? This marauder would literally give you the shirt off of his back...Actually, that's not entirely true but he'll gladly sell you a custom-made "Pigman shirt for twenty dollars or two for thirty-five"

This marauder has been helping create an epically amazing Rambler Yearbook, going to every meeting they can, not missing any potential opportunity to get out of Mr. O'Grady's lab time! With that being said, this marauder sold aTON of ads for the Yearbook, and this will help make the Yearbook more affordable for all students.

This marauder plays pivotal roles in our school's athletic program, too, playing varsity soccer, hockey, and golf. He even scored a game-winning goal in overtime in soccer! There are some things that I am not completely clear about, though. He's captain of the varsity hockey team, or is it captain of the varsity soccer team? He's the Human Relations Officer, or did this marauder get the Senior On-Campus Ambassador? I can't keep it straight but I do know that this marauder was a massive help with the prom set-up from spring of 2021, and is currently planning to have the best-ever-prom, helping to plan for this year even though it is traditionally organized by the juniors.

It is with great pleasure that I can announce December's Marauder of the Month to Jon Amell!...Wait, that's not right...We don't have a Jon Amell at Northfield High School...Oh, I see my mistake: It is with great pleasure that I can announce December's Marauder of the Month to Logan Tenney!...I'm getting word that that is still not right...Oh, NOW I get it: to end 2021 and move into 2022 we have selected our first ever Dual Marauder of the Month because you can't have one of these two without the other. If there's ever been two students who could hear some of my comments in this write-up and laugh alongside the rest of us, in a time when laughter is so badly needed, it's these two! Receiving not only the Marauder of the Month, but also the Senior Superlative for "Best Friendship" (and for some reason, "Best Nickname"?) Logan Amell and Jon Tenney!!!
