

Flu and Covid 19 Vaccine Clinic

09/24/21

Dear Parents, Guardians and Staff,

We are fortunate to hold vaccination clinics in our schools again this year. Health Hub -which serves all WRVSU schools, will provide vaccinations for both the **Flu and Covid 19 vaccines**. Currently, the Covid 19 vaccine is only available for those 12 years and older.

Since March of 2020, we have witnessed the imperative of vaccines to combat both the Flu and Covid 19. We urge you to follow the guidance of the Vermont Department of Health and vaccinate both yourselves and your eligible children. School-based clinics are safe and convenient.

Health Hub expects to hold Flu and Covid 19 vaccines clinics at the end of this month, October and into November. In addition to the Flu vaccine, the clinics will have the Pfizer vaccine available to be given at the same time for those aged 12+. The Flu and Covid vaccine can be given during the same medical visit. In addition to students, Health Hub is offering to vaccinate parents and school community staff with both vaccines. **The Flu and Covid 19 vaccines will be offered at the Northfield Elementary and Northfield Middle/High School on Tuesday, November 2nd.**

The clinic will start at 8:30 for Parents and MS/HS students in front of the Middle/High School after student drop off. Please do not arrive until after 8:20. Parents and older students may drive up to receive their vaccine(s)

The Elementary students will be done later in the morning. A nurse will be with your younger children to help support them while receiving the vaccine. Unfortunately, parents cannot be with their child during their vaccination. If you would prefer to be with your child, please consider another option for your child's flu vaccine such as your local pediatrician, Pharmacy etc

We need to provide Health Hub with the amount of vaccines needed ASAP. We request that if you are interested, you complete the attached forms and return them to your school nurse by October 29th.

Health Hub forms are attached here and located at: <http://www.healthhubvt.org/forms/>. Please contact your school nurse if you would like hard copies of forms sent home with your student.

Let us know if the person scheduled for the above vaccine(s) receives one prior to the scheduled date.

Please contact your school nurse, Brenda Gove or Marci White with any questions at:

Elementary: Bgove@cvsu.org or 802-485-6161

MS/HS Mwhite@cvsu.org or 802-485-4500

Sincerely,

Brenda Gove RN
Marci White RN
