

Dear NES PK and K Families,

Due to ongoing concerns about student safety we are making changes to our PK drop off procedure. [Effectively Monday, April 3](#), PK and K students will no longer enter NES through the ramp door. PK parents, guardians and caregivers are welcome to drop off their children in the crescent driveway. All NES students will now enter through the same entrance, the one nearest the crescent. A PK staff member will be at the crescent driveway to support and greet your child each day.

The crescent driveway is for drop off only. Parents, guardians and caregivers who want to take more time to say goodbye to their children are welcome to park in the NMHS upper lot and walk across the street to NES. End of day pick up procedures will not change.

Thank you for your support and flexibility.

Denise Russell, NES Principal
